LAGO SLATE GRAPHITE

# LAGO SLATE

Inspired by the fine grains and textured layering of metamorphic rock, Lago Slate is an innovative new range of porcelain tiles from Lapidica. Suitable for walls and floors, it brings a warmth and texture to both interiors and exteriors, offering an authentic look and feel of natural slate. Available in three contemporary colourways: Grey, Multi and Graphite. Lago Slate Grey is available in three sizes: 900 x 600 x 10mm, 900 x 300 x 10mm and 900 x 150 x 10mm, while Lago Slate Multi and Lago Slate Graphite both come in a 900 x 600 x 10mm format. An external version is also available on request.
